90 [redacted] Drainage scheme for Melkote munr mldy

General and Revenue Secretariat — File No 89 of 1942 — [App F III—2

Serial No

From The D C Mandya &

No A5- 879/42-43 dy 5 11 42

Recommends sanction in the circumstances reported to an estimate for Rs 33,450/- for a Comprehensive drainage scheme for Melkote town, the entire Cost being met by Govt out of the Town Improvement Grant for the current year as a special case.

1) Para 3 of the DC's letter throws light on the financial condition of the mldy The Melkote munr mldy with the average annual normal income of about Rs 4500 p.a, which is not in a position to meet the normal expenditure can hardly take up and Contribute anything towards the Cost of the Comprehensive drainage scheme amounting to Rs 33,450/- Besides this it has heavy liabilities also and Cannot spare any amount for improvement works the closing balance of the mldy for the current year is Rs 903-2-0 only

2) In view of the foregoing facts and also in view of the importance of the place being a pilgrimage Centre attracting devotees from all over India, the DC recommends that the entire Cost of the scheme may be met by Govt out of the T I Grant during the year 1942-43

3) The proposal of the Dy Commr is submitted for orders

Drainage scheme for Melkote town

File No. 89 2901 of 1942 — General and Revenue Secretariat

Serial No

The Comprehensive estimate as for the Drainage scheme of Melkote Town Mfg - as per Rs 33450/ Mr. D. H. Mundy a has recommended that, in view of the poor finances of this Mfg, the entire cost may be met by the Govt -- as a very special case -- This is indeed a large order to be placed with Govt, as the cost is really very heavy

If the Mfg could meet 1/3rd portion equal to a moiety by taking a loan from the Govt, then the question of getting the scheme executed in stages with a Govt Contribution of half the cost, may be considered the views of the Mfg may perhaps be called for otherwise the Cheaper scheme providing only for drains certain places will have to be thought up, if the Comprehensive scheme cannot be postponed till better Times when the Mfg would be in a position to Contribute its quota

for orders

Lawley 23/11/42

The Municipal Council is not in a position to repay the loan for at least three years to come

BANCALORE

Sir

Subject - Drainage scheme of Melkote Municipality

In forwarding herewith the entire correspondence received from the President, Melkote Municipality with his report No C 113/42 dated 16-10-42 on the above subject, I have the honour to state that an estimate for Rs 33,450/- for a comprehensive drainage scheme for the Melkote Town prepared by the Sanitary Department, has been received from the Director of Public Health for providing funds for taking up the work

2 The Municipal Council, Melkote when the subject was placed before them for opinion, have resolved on 30-9-42 that as Melkote is a place of pilgrimage and as many outsiders visit Melkote Town during vairmudi jatra, a good drainage for the town is very necessary and that therefore the scheme may be taken up and that Government be requested to meet the entire cost as the Municipality is unable to find funds for the scheme

3 In this connection I wish to state that the financil position of the Municipality is for from satisfactory, the income being hardly sufficient to meet even the normal expenditure The income and expenditure of the Municipality for the past 3 years are noted in the margin for kind reference From the above figures, it could be seen that the expenditure during 39-40 and 40-41 was more than the income The Municipal Council have

	Income	Expenditure
1939-40	4154-14-4	4628-1-7
1940-41	5526- 7-9	5569-8-0
1941-42	4687- 5-0	4250-12-0

P T O.

The Municipal Council have not been able to set apart funds for improvement works. Besides they have to pay arrears of Elementary Education Contribution amounting to Rs 3000/- and a recommendation for waiving the claim has been made to Government on the ground that the Municipality is too poor to meet the same They have to pay also arrears of Rs 1907/- towards water maintenance charges With such heavy liabilities and meagre income, it is really not possible to expect the Municipal Council to spare funds for improvement works

4 As represented by the Municipal Council, Melkote being a place of great Pilgrimage, devotees from all over India visit the place during Vairmudi Jatra and also on other occasions It is but necessary that the Town should be kept clean and tidy The question of providing providing proper drainage is a long felt and urgent necessity.

5 As the Municipal Council plead their inability to provide funds and as the financial position is also not satisfactory to any extent, I recommend that the entire scheme proposed by the Director of Public Health may kindly be approved, the entire cost being met out of the Town Improvement Grants for 42-43 as a vey special case

6 The connected records are enclosed for kind reference and return

I have the honour to be,
Sir,

Sir,

To

With refce to your letter no As- 879/42-43 Dated 5-11-42 re the drainage scheme at an estimated cost of Rs 33458 for the Melkote minor only, I am directed to observe that the Mlty is too poor to think of such a big scheme nor is there a person to repay any loan or advances. However as it is an important place of pilgrimage a cheaper scheme providing drinking water in certain places only may be got prepared and submitted for orders in Consultation with the Director of Public Health and the Melkote municipal Council. BANGALORE

Sir, Sub - Drainage scheme of Melkote Municipality

With reference to your letter No,L 5818/M L 89-42-4 dated 10-12-42, calling for estimates for a cheaper drainage scheme for Melkote Town on the ground that the Municipal Council is too poor to think of taking up a comprehensive scheme at an estimate cost of Rs 33,450/-, I have the honour to state that an estimate for Rs 10,125/- for a part scheme which meets the immediate requirements has been prepared by the Director of Public Health & the same is enclosed in the file The area treated by this part-scheme is restricted to localities which will be crowded at the time of the Vairamudi Jatra.

2 As observed by Government the Municipal council is not in a position to take and repay a loan of Rs 33,450/- It is equally incapable of providing furnds for meeting any portion of even the part scheme

3 As the Director of Public Health states that the part scheme for Rs 10,125/- meets the immediate requirements of the town, I recommend that the estimate may kindly be sanctioned and a grant of Rs 10,125/- may also be sanctioned out of the Town Improvement grants for 1942-43

4 The entire records received with your letter under advertance are returned herewith for kind reference and return.

I have the honour to be,
Sir,
Your most obedient servant,

DEPUTY COMMISSIONER,

To The D C Mandya Dist Mandya

Sir,

With reference to the correspondence ending with your letter No A5- 879/42-43 dt 17-12-42 re. the drainage scheme for the Melkote Minor mdy, I am directed to state that the proposal may be deferred till next year as the entire allotment under the T I Grant for the current year has been fully distributed and as Cement is not available in the market the proposal may however be renewed next year and in the meantime, earnest efforts may be made to increase the resources of the Mdy in order to enable it to meet the growing Cost
